QP Module A - Financial Reporting & QP Module B - Corporate Financing

Ted Chan
(FCPA, CFA)

Experience

- A well-known QP lecturer who has taught Big4 and individual clients with outstanding performance for more than 10 years
- A highly renowned and award-winning lecturer
- 2 years of lecturer experience in the Hang Seng University of Hong Kong, teaching financial reporting and management accounting
- 5 years of auditor experience in Big 4, providing services to listed companies in various industries

Key Highlights of QP Module A

- Provide a thorough understanding of Hong Kong legal framework and related implications for business activities
- Explain the financial reporting framework in Hong Kong and the related implications for business activities through daily examples and useful notes
- Develop useful concepts and suggest practical methods on the accounting for business transactions
- Help students to develop a meticulous and detailed mindset to handle the preparation of the financial statements in accordance with HKFRS and statutory reporting requirements

Key Highlights of QP Module B

- Focus on the key techniques to handle financial analysis and the relevant calculations
- Help students to identify and evaluate the problems and risks in different case studies and apply the appropriate accounting methods to address the issues
- Highlight the key concepts for designing, implementing and reviewing performance measurement and control systems in corporates

QP Module C - Business Assurance

Noel Leung
(FCPA, HKICS, ICSA, MBA)

Experience

- Currently serving as a Financial Controller in a listed company
- Possesses professional knowledge in financial reporting and taxation
- A top-rated QP lecturer with more than 10 years of experience, especially in QPC teaching
- 6 years of experience as a lecturer in a university in Hong Kong
- 5 years of experience as an Associate Director in an audit firm

Key Highlights of QP Module C

- Equip students with fundamental concepts of ethical standards, legislation and professional guidance
- Focus on key topics of planning, performing and completing assurance engagements with the applications of relevant Hong Kong standards
- Make use of practical real-life examples to discuss the contemporary developments and issues in corporate governance
- Explore the main features and application of computerized business systems and highlight the importance of risk and control framework

QP Module D - Taxation

Ian Lee
(CPA, FCCA, JD, MBA, Med)

Experience

- A well-experienced lecturer on taxation including revision courses for the QP Final Examination, QP Module D Taxation, and ACCA Advanced Taxation
- Previously served as the Associate Director for the QP Taxation module and was also the Technical Director of an international CPA firm
- Adopts a practical approach in teaching taxation, and has in-depth understanding of how to succeed in professional examinations

Key Highlights of QP Module D

- Provide a detailed overview of the latest taxation system and administration of taxes in Hong Kong
- Reinforce the knowledge of essential tax principles with the aid of daily life examples and diagrams to illustrate the difficult tax concepts
- Go through a broad coverage of major taxes rules which impact and interact on transactions, individuals and organizations
- Help students to ascertain related tax liabilities and understand the major role of the professional accountant in tax management

What is Enhancement Course?

It aims at enhancing students' examination techniques and problem solving skills. Lecturers will recap key concepts and teach how to address the examination questions.

- Enhance and recap understanding of acquired knowledge and important concepts
- Develop problem solving skills
- Focus on a hot list of topics most likely to be included in the examination
- Analyze past examination papers and relevant examination techniques
- Go through mock paper questions and provide suggested answers in the class
