FE Module A - Financial Reporting

A

Key Highlights of FEA

- Provide customized lecture notes summarizing the key topics and adopt a revision-based approach which allows students to better prepare for the real examination
- Guide students on how to track the tricky questions under tight examination condition by effectively identifying the relevant issues for each question

FE Module B - Corporate Financing

B

Key Highlights of FEB

- Help students to reinforce the understanding on major or difficult topics by focusing on past examination papers and the examiner requirements
- Pick different kinds of past examination questions to address the common mistakes made by students

FE Module C - Business Assurance (Noel Leung)

C

Key Highlights of FEC

- Provide examination-focused revision notes to strengthen students' understanding and comprehension on abstract audit concepts
- Help students to enhance the analytical skills and problem solving techniques

FE Module D — Taxation (Ian Lee)

D

Key Highlights of FED

- Include a concentrated recap of selected topics which are considered essential and important in the FED examination
- Illustrate the major tax principles supplemented with real-life examples to help facilitate students' memory and understanding of key concepts
- Provide students with practical tips on how to brainstorm and structure their answers in the FED examination

FE Enhancement Course

It aims at enhancing students' examination techniques and problem solving skills. Lecturers will recap key concepts and teach how to address the examination questions.

- Strengthen knowledge and skills developed in different modules
- Enhance understanding of key principles of ethics and related decision making
- Equip students with the essential skills to devise appropriate business solutions to different circumstances
